

# Condition Report - Online Only Toy Auction with Noel Barrett

Saturday, February 9, 2019

updated: January 24, 2019

Pook & Pook, Inc. is pleased to provide you with the following condition reports. We provide additional information on lots when it is requested by a potential buyer. These condition reports were prepared by an appraiser at Pook & Pook, Inc.'s auction house. While we make every attempt to be as accurate as possible with these reports, they are not a replacement for physical examination of the item(s) you wish to purchase. Pook & Pook, Inc. is not responsible for any errors or omissions with regard to the condition reports. Antique items often show signs of normal wear and use consistent with their age that may not be specified in a condition report. The absence of a report and the statement "please submit a condition report request" does not imply that the lot is in good condition, only that a condition report request has not been made for that particular item. Contact [conditions@pookandpook.com](mailto:conditions@pookandpook.com) to request a condition report. All requests must be made at least forty-eight hours prior to the start of the first session of the auction. Online bidding is through Bidsquare at [www.bidsquare.com](http://www.bidsquare.com).
